ASHBURY

Your Official Ashbury Homeowner Association Newsletter

From the Board

Submitted by Patrick Collins | HOA President

Hello Ashbury!

The summer is flying by and before we know it, kids will be back at school. I hope everyone has been enjoying the pool. As the season winds down, we would love to hear from you. Please email our Pool Manager, Joe Davies at daviesjosephr@gmail.com with any constructive input. The toddler hours will be wrapping up in July. Let Joe or the Board know if that is something we should continue next summer. Any changes you would like to see?

Just a reminder, if you are making exterior modifications to your house, you will need to obtain architectural approval from the HOA. The Architectural Modification form is available on our website at www.ashburyofnaperville.com. Any questions feel free to contact Stacy Donnelly at stacy@mcpmc.com. This approval is required, along with proper city permits. If a modification is done without HOA approval, it could become extra costly as you will be asked to conform to the rules outlined in our covenants and rules found on our website.

The Clubhouse bathrooms have been fully remodeled. These may have been the original bathrooms when clubhouse was built. Starting in September, the Board will be budgeting for 2023. We will start looking other areas within the clubhouse such as flooring that needs to be updated. Homeowner input into the Clubhouse remodel and other areas you would like the Ashbury HOA Board to evaluate is always appreciated.

We will continue to scrutinize every dollar and make sure that we continue to have one of the lowest annual assessments in Naperville while maintaining the neighborhood and facilities to keep Ashbury a highly desirable neighborhood to live in.

The clubhouse is great amenity that is highly used by residents. The cost is kept very reasonable, as the goal is to cover the costs that go along with renting the clubhouse. We may, in the future, look into increasing the rental fee as we upgrade the facility over the next couple of years.

Looking forward seeing you at next board meeting which happens every third Monday of the month.

With all the hot, dry weather we've been having this summer, these drought-tolerant plants will be a welcome addition to your garden. Once established, these plants will need less water and will add color and texture to your gardens in spring, summer and fall. We've picked out six of our favorite plants that thrive in dry conditions.

1

AGASTACHE OR HUMMINGBIRD MINT

An exceptional group of plants that are known for their profuse, long lasting showy spikes of blooms that attract both hummingbirds and butterflies. Their foliage and blooms are fragrant, being very reminiscent of anise candy.

Drought and heat tolerant, they are best planted in sunny south or west facing slopes in lean, well drained soils. Agastaches must have excellent drainage, so do not plant near a wet area or water with a sprinkler system. To improve winter hardiness leave the stems intact. Remove old stems just above the new foliage in the spring.

2

ASCLEPIAS TUBEROSA OR BUTTERFLY WEED

This is considered to be the most garden worthy of our native milkweeds. Very showy, brilliant orange-red flowers are excellent for cutting and very attractive to bees, butterflies and hummingbirds. The seed pods are used in dried

arrangements. It emerges late in spring, so be patient. The long tap root makes division difficult, but it will happily reseed. Do not prune it in the fall, but cut it back in the spring. A perfect plant for dry areas in the garden.

GAILLARDIA OR BLANKET FLOWER

Gaillardia get their common name 'blanket flower' from the way they used to blanket the prairie. They are one of the longest

3

blooming perennials. The brightly colored, daisy-like flowers come in an astounding variety of shapes and colors. The plants perform best in poor, well drained soils, particularly in winter. They may be short lived in our heavy clay soils, but are worthy of a place in the garden for their months-long bloom period. Dividing blanket

flowers every 2-3 years will help to keep them vigorous.

4

PEROVSKIA OR RUSSIAN SAGE

The silvery, aromatic foliage of all varieties of Perovskia make them resistant to deer and rabbits as well as drought tolerant. Many of the newer varieties are more compact than the standard species so they won't overstep their welcome in your garden. Plant with sedums or grasses

for a beautiful fall combination.

5

SEDUM

These plants are our #1 drought-tolerant perennial pick. Besides being able to handle dry conditions they grow in so many different shapes and sizes. From the taller upright sedum to the low growing groundcover varieties, you can't beat them.

6 ECHINACEA OR CONEFLOWERS *(See photo above)*
A perennial garden favorite, coneflowers are dependable and showy. These plants are wonderful for the border and for naturalizing. They have daisy-like flowers with a raised cone and sometimes drooping petals. The seed heads are excellent for dried flower arrangements and are an important food source for songbirds. For best results, plant in well-drained soil and give them space to grow. Echinaceas do not like to be crowded.

Adoptable Pets of the Month...

Moon •| Female •| 1 Year Old | Adoption Fee \$75

My name is Moon but I also respond to Moonpie and Moonie. I am an outgoing and sweet kitty but I am also quite independent and really need to make the rules. My very favorite thing to do is watch the outside world through a window. I love the birds and squirrels and, of course, people watching is fun too. I also enjoy chasing the laser light and playing with other toys. I am a lap cat and really enjoy taking a snooze on a warm lap, but it has to be my idea. I'm not a fan of being picked up or held. I guess you could say I don't like to be confined or restricted in my movement. I'm not a fan of other felines, so I need to be an only cat. A home without children would also be best. Here's a little secret...treats are the way to my heart. The people here are confident that I'll be a great kitty once I can be the queen of my own furever home.

Zippy & Rawley | Male | 2 Years Old | Adoption Fee \$600

We are a bonded pair and MUST be adopted together. We are very close and rely on each other. Shy but very loving once they warm up. Love to play with each other. Love toys. No cats please.

Last-Minute Weekend **GETAWAYS** Near Chicago

It's hard to believe that summer is halfway through! Do you need some ideas to make the best of the rest of summer? If so, here are some fun local places to visit before summer is over.

- **Starved Rock State Park, Illinois** - This park is located on the Illinois River — There are amazing waterfalls, lakes, and activities to do. Tip: Although spring is the best time to visit the waterfalls, take advantage of rainy summer days and visit shortly after to see the waterfalls at their best.

- **Anderson Japanese Gardens, Illinois** - This is a 12-acre landscape filled with streams, Koi-filled ponds, and waterfalls. It definitely feels like you're in Japan while still being in Illinois.

- **Mackinac Island, Michigan** - Since 1901, cars have been banned on this island. Visitors get around by foot, bicycle, horse, or carriage rides. This charming town is surrounded by Lake Huron, a pretty lake with lots of activities for families.

- **Saugatuck, Michigan** - This is a great place to go if you want an artsy beach-town vibe. There are gorgeous sandy shores and tons of natural beauty.

- **Lake Geneva, Wisconsin** - This is a beautiful site on the lake where you could enjoy renting a boat, sunbathe on the beaches, go ziplining, and much more!

- **Wisconsin Dells, Wisconsin** - Home of Noah's Ark Water Park, the largest water park in America. A perfect getaway with the family!

- **Door County, Wisconsin** - Visitors can take advantage of 300 miles of shoreline, 11 lighthouses, many orchards, hiking, and kayaking.

- **Milwaukee, Wisconsin** - Being only 2 hours north, this is a great option for a 1-day trip. There are many attractions in Milwaukee, one of them being Summerfest which is considered the "world's largest music festival!"

- **Indiana Dunes National Park, Indiana** - This state park is home to some of the highest dunes over the lake. There are beaches, hiking trails, and camping sites.

Enjoy your family outing!
Drive safe!

Extra Watermelon?

Try these refreshing drinks

Is there anything more delicious than late summer watermelon, ripened in the hot sun until juicy and fragrant? Not really, and when you find yourself wilting in the late summer heat, a cold watermelon agua fresca or icy watermelon slushie are perfect to help you cool down and relax. Adults and kids alike will love them, and it's easy to add your own spin with extra flavorings or cantaloupe instead of watermelon.

WATERMELON AGUA FRESCA

4 cups cubed seeded watermelon
1/2 cup water
1/2 cup white sugar (or to taste)
1 lime
24 fresh mint leaves
ice

Combine watermelon and water in a blender and puree until smooth. Add sugar to taste. Slice lime into small wedges (you'll need about 8), then place one wedge into each serving glass, along with 3 mint leaves. Crush with a cocktail muddler (a wooden spoon handle also works), then add ice. Pour the agua fresca over the ice, stir, then serve.

WATERMELON SLUSHIE

4 cups cubed seeded ripe watermelon (188 calories)
2 tablespoons sugar (32 calories)
1 tablespoon lime juice (30 calories)
About 3 cups ice

Blend the fruit, melon, sugar and juice until liquid. Add ice and continue to blend until the liquid reaches a slushie consistency.

In the whole blend there are about 250 calories.

How to solve sudoku puzzles

No math is required to solve a sudoku. You only need logic and patience.

Reviews from my Clients

"We came to Tamara after being with a previous agent and it was the BEST decision we made. She SOLD our house in ONE DAY! We Highly Recommend her to anyone"

★★★★★

"Tamara is the BEST! Not only is she a professional at what she does; she is the most conscientious caring and honest person I have ever met. My home was on the market with another agent for months who did not market very well. When we switched realtors our experience was completely different. With a few changes and staging our home we had better offers and her level of care and attention to detail was phenomenal. I could call Tamara up anytime and she was always available."

★★★★★

"Tamara is Epitome of professionalism. She does her research and brings enormous knowledge and expertise to a home seller. She walks a client through details of a home sale with enthusiasm and positive thinking. She will stage your home & home photography will be outstanding. Through Tamara's guidance I had three offers in 4 days I cannot thank her enough. I cannot thank her enough. She is wonderful Realtor and Great Person to know"

Words from your Rose Hill Farm neighbor:

“We engaged Jim Gargano and The Alice Chin Team of Compass Real Estate to sell our family property earlier this year. We could not have been more impressed with Jim’s overall analytical ability, level of detail and responsiveness during the entire process. He helped us navigate through various challenges, from the time we sold the property all the way to closing. We went under contract within 3 days and we sold for over \$25,000 above list price! I would encourage anybody who has any real estate needs to contact Jim Gargano and The Alice Chin Team.

"We couldn't be more happy with our experience working with Team Miller to both sell our current home and buy our new home. The process of listing our house for sale was so organized and easy, and we had a really defined timeline for showings that made it convenient for us as a family with young kids. Working with Team Miller on both transactions has been incredible and I would highly recommend them!"
