## Tracer

The Newsletter of the Brookwood Trace Homeowners Association

It's hard to believe we are nearing the end of summer and school will be starting up again soon. I hope you can all fit in a few more fun summer activities while enjoying the beautiful weather.

**HELP KEEP ROSE HILL A BEAUTIFUL COMMUNITY BY MAINTAINING YOUR LAWN AND YARDWORK** The City of Naperville ordinance requires grass and weeds to be maintained at an appropriate height (not to exceed 8 inches). Violations can be reported to the Naperville Code Enforcement group at [ce@naperville.il.us](mailto:ce@naperville.il.us).

### SEPTEMBER 2 - 5 NAPERVILLE JAYCEES' LAST FLING!

The Naperville Jaycees' Last Fling is a family-friendly community festival which takes place over Labor Day Weekend along Jackson Avenue in Downtown Naperville and, for many, is a fun way to say farewell to summer!

The Last Fling offers a variety of attractions for all ages to enjoy including musicians, food & beverage vendors, a Family Fun area, a carnival, unique special events, a business expo, and much more! Visit [www.lastfling.org](http://www.lastfling.org) for more information.

### Naperville... An Award-Winning Community

In case you missed the great news, Naperville was listed for the second year in a row as #1 in two community rankings compiled by Niche: Best Cities to Raise a Family in America and Best Public Schools in America. As Rose Hill Farm residents, we also have the privilege of living in a beautiful and friendly neighborhood within Naperville.

Naperville is a city in Illinois with a population of 147,734. Naperville is in DuPage & Will County and is one of the best places to live in Illinois. Living in Naperville offers residents a dense suburban feel and most residents own their homes. In Naperville there are a lot of restaurants, coffee shops, and parks. Many families and young professionals live in Naperville and residents tend to have moderate political views. The public schools in Naperville are highly rated.

## Last-Minute Weekend **GETAWAYS** Near Chicago

It's hard to believe that summer is halfway through! Do you need some ideas to make the best of the rest of summer? If so, here are some fun local places to visit before summer is over.

- **Starved Rock State Park, Illinois** - This park is located on the Illinois River — There are amazing waterfalls, lakes, and activities to do. Tip: Although spring is the best time to visit the waterfalls, take advantage of rainy summer days and visit shortly after to see the waterfalls at their best.

- **Anderson Japanese Gardens, Illinois** - This is a 12-acre landscape filled with streams, Koi-filled ponds, and waterfalls. It definitely feels like you're in Japan while still being in Illinois.

- **Mackinac Island, Michigan** - Since 1901, cars have been banned on this island. Visitors get around by foot, bicycle, horse, or carriage rides. This charming town is surrounded by Lake Huron, a pretty lake with lots of activities for families.

- **Saugatuck, Michigan** - This is a great place to go if you want an artsy beach-town vibe. There are gorgeous sandy shores and tons of natural beauty.

- **Lake Geneva, Wisconsin** - This is a beautiful site on the lake where you could enjoy renting a boat, sunbathe on the beaches, go ziplining, and much more!

- **Wisconsin Dells, Wisconsin** - Home of Noah's Ark Water Park, the largest water park in America. A perfect getaway with the family!

- **Door County, Wisconsin** - Visitors can take advantage of 300 miles of shoreline, 11 lighthouses, many orchards, hiking, and kayaking.

- **Milwaukee, Wisconsin** - Being only 2 hours north, this is a great option for a 1-day trip. There are many attractions in Milwaukee, one of them being Summerfest which is considered the "world's largest music festival!"

- **Indiana Dunes National Park, Indiana** - This state park is home to some of the highest dunes over the lake. There are beaches, hiking trails, and camping sites.

Enjoy your family outing!  
Drive safe!

## Extra Watermelon?

Try these refreshing drinks

Is there anything more delicious than late summer watermelon, ripened in the hot sun until juicy and fragrant? Not really, and when you find yourself wilting in the late summer heat, a cold watermelon agua fresca or icy watermelon slushie are perfect to help you cool down and relax. Adults and kids alike will love them, and it's easy to add your own spin with extra flavorings or cantaloupe instead of watermelon.

### WATERMELON AGUA FRESCA

- 4 cups cubed seeded watermelon
- 1/2 cup water
- 1/2 cup white sugar (or to taste)
- 1 lime
- 24 fresh mint leaves
- ice

Combine watermelon and water in a blender and puree until smooth. Add sugar to taste. Slice lime into small wedges (you'll need about 8), then place one wedge into each serving glass, along with 3 mint leaves. Crush with a cocktail muddler (a wooden spoon handle also works), then add ice. Pour the agua fresca over the ice, stir, then serve.

### WATERMELON SLUSHIE

- 4 cups cubed seeded ripe watermelon (188 calories)
- 2 tablespoons sugar (32 calories)
- 1 tablespoon lime juice (30 calories)
- About 3 cups ice

Blend the fruit, melon, sugar and juice until liquid. Add ice and continue to blend until the liquid reaches a slushie consistency.

In the whole blend there are about 250 calories.

# The Happy GARDENER

## DROUGHT TOLERANT PERENNIALS

Annette Carson | *The Growing Place*

*Shown Echinacea or Coneflowers*

**W**ith all the hot, dry weather we've been having this summer, these drought-tolerant plants will be a welcome addition to your garden. Once established, these plants will need less water and will add color and texture to your gardens in spring, summer and fall. We've picked out six of our favorite plants that thrive in dry conditions.

1

### AGASTACHE OR HUMMINGBIRD MINT

An exceptional group of plants that are known for their profuse, long lasting showy spikes of blooms that attract both hummingbirds and butterflies. Their foliage and blooms are fragrant, being very reminiscent of anise candy.

Drought and heat tolerant, they are best planted in sunny south or west facing slopes in lean, well drained soils. Agastaches must have excellent drainage, so do not plant near a wet area or water with a sprinkler system. To improve winter hardiness leave the stems intact. Remove old stems just above the new foliage in the spring.

2

### ASCLEPIAS TUBEROSA OR BUTTERFLY WEED

This is considered to be the most garden worthy of our native milkweeds. Very showy, brilliant orange-red flowers are excellent for cutting and very attractive to bees, butterflies and hummingbirds. The seed pods are used in dried

arrangements. It emerges late in spring, so be patient. The long tap root makes division difficult, but it will happily reseed. Do not prune it in the fall, but cut it back in the spring. A perfect plant for dry areas in the garden.

### GAILLARDIA OR BLANKET FLOWER

Gaillardia get their common name 'blanket flower' from the way they used to blanket the prairie. They are one of the longest blooming perennials. The brightly colored, daisy-like flowers

3

come in an astounding variety of shapes and colors. The plants perform best in poor, well drained soils, particularly in winter. They may be short lived in our heavy clay soils, but are worthy of a place in the garden for their months-long bloom period. Dividing blanket flowers every 2-3 years will help to keep them

vigorous.

4

### PEROVSKIA OR RUSSIAN SAGE

The silvery, aromatic foliage of all varieties of Perovskia make them resistant to deer and rabbits as well as drought tolerant. Many of the newer varieties are more compact than the standard species so they won't overstep their welcome in your garden. Plant with sedums or grasses

for a beautiful fall combination.

5

### SEDUM

These plants are our #1 drought-tolerant perennial pick. Besides being able to handle dry conditions they grow in so many different shapes and sizes. From the taller upright sedum to the low growing groundcover varieties, you can't beat them.

### 6 ECHINACEA OR CONEFLOWERS *(See photo above)*

A perennial garden favorite, coneflowers are dependable and showy. These plants are wonderful for the border and for naturalizing. They have daisy-like flowers with a raised cone and sometimes drooping petals. The seed heads are excellent for dried flower arrangements and are an important food source for songbirds. For best results, plant in well-drained soil and give them space to grow. Echinaceas do not like to be crowded.

## *Adoptable Pets of the Month...*

### **Moon •| Female •| 1 Year Old | Adoption Fee \$75**

My name is Moon but I also respond to Moonpie and Moonie. I am an outgoing and sweet kitty but I am also quite independent and really need to make the rules. My very favorite thing to do is watch the outside world through a window. I love the birds and squirrels and, of course, people watching is fun too. I also enjoy chasing the laser light and playing with other toys. I am a lap cat and really enjoy taking a snooze on a warm lap, but it has to be my idea. I'm not a fan of being picked up or held. I guess you could say I don't like to be confined or restricted in my movement. I'm not a fan of other felines, so I need to be an only cat. A home without children would also be best. Here's a little secret...treats are the way to my heart. The people here are confident that I'll be a great kitty once I can be the queen of my own forever home.

### **Zippy & Rawley | Male | 2 Years Old | Adoption Fee \$600**

We are a bonded pair and MUST be adopted together. We are very close and rely on each other. Shy but very loving once they warm up. Love to play with each other. Love toys. No cats please.

### Catalytic Converter Thefts

Did you know it can take less than one minute to steal a catalytic converter from your vehicle? With the prices of precious metal at an all-time high, catalytic converter thefts in Naperville and nationally are on an increase. Once a thief is under your car, they simply saw through the exhaust pipe with a battery-powered reciprocating saw equipped with a metal sawing blade.

Hybrid vehicles are often sought (Toyota Prius), but it is happening to **ALL** vehicles.

Here are some things YOU can do to prevent a catalytic converter thefts.

- Pay attention to suspicious people in the area. Call 911 immediately if people are hanging around vehicles. Often one person will be on the lookout while the other is under the vehicle.
- Listen for power tools in use during the overnight hours (Sawzall).
- Always lock the vehicle and set the alarm. Increase alarms sensitivity if possible.
- Park in well-lit spot.
- Engrave your vehicles VIN number on the catalytic converter as a visible deterrent.
- Paint the catalytic converter with high temperature automotive exhaust spray in bright color as a visible deterrent that may also affect resale value if stolen.

### Back-to-School Safety

From preschool to college age, it is important to discuss safety information with your student.

- Younger children should know their full name, address, telephone number and their parents' names.
- Practice the "**Buddy System.**" No matter what their age there is safety in numbers.
- If anyone bothers them while going to or from school, make sure they get away from that person and tell a trusted adult about what happened. Teach your children that grown-ups should never ask children for help or directions, they should ask other adults. If someone follows them or makes them feel uncomfortable, they should **GO** to get away as quickly possible and be sure to **TELL** a parent or trusted adult what happened.
- All students also need reminders about never leaving school with anyone they haven't been instructed to leave with by their parents/caregiver. Tell them to always "**check first**" before going anywhere with anyone.
- For your college-bound student, some of the basic safety strategies never change, such as there being safety in numbers (buddy system). Whether the student is going away or staying local, review personal safety guidelines and help them understand the consequences of their actions.

Additional back-to-school safety tips for parents, students, motorists and community members are available at [naperville.il.us/asafernaper](http://naperville.il.us/asafernaper).

## Allegra Naperville Lisle A One-Stop Shop for All Your Marketing Needs

**Matt Minnerick**

If you're reading this article, you already know the name Allegra because we're the company who print not only this newsletter, but 23 other titles across the Naperville area. But did you also know we produce everything from door hangers to yard signs and offer one stop direct mailing services and more?

For owner Matt Minnerick, Allegra Naperville Lisle is the result of a life-long dream to be his own boss. After years working as an option trader in Chicago, the father of two began to look for an investment.

"When I investigated, the numbers for Allegra made the most sense," he said. "Buying an existing business was easier. I kept the team, a couple of whom have worked here for over 25 years. They're lifers, my work family."

Although Matt admits buying a franchise was more challenging than he first thought, he says it's the best decision he ever made.

"Working on stuff that matters is a lot more rewarding," he said. "I don't have to answer to anyone and I can manage it in my own style."

Although Allegra Naperville Lisle is happy to work with some national brands, Matt, who lives in Ashbury, loves to keep it local.

"When people advertise in our newsletters it's all about local businesses reaching local residents. Advertisers know they are guaranteed to get in mailboxes. Readers don't have to subscribe to read us. In a digital world it's nice to get physical things sometimes," he said.

Allegra Naperville Lisle can handle orders of all sizes, and unlike online competitors are delighted to spend time with clients discussing their individual needs. It's the perfect solution whether you're an inexperienced start-up or a long running organization in need of a refresh.

Not sure about your artwork? We can review and improve upon it if necessary. Wondering what kind of paper will be best? We can make expert suggestions. Concerned about keeping costs down? Take advantage of free delivery within a 20-mile radius of our Ogden Avenue location. Just starting out and not even sure what you need? We can advise you on that too.

Allegra Naperville Lisle offers a comprehensive range of solutions to all your marketing needs, including business cards, posters, letterhead, brochures, flyers, feather flags, and contracts. For a full list check out our website.

Matt says his most popular services are signage and direct mail. Signage is super important because often it's the first time clients see your brand. A high-quality sign that's easily seen from across the street is a no-brainer, but have you thought that your windows and vehicles are a blank canvas too? Allegra offers everything from magnetic car door signs to full vehicle wraps that can promote your business whenever your vehicles are on the road.

Everyone knows direct mailing works, but it can be a chore to do well. The good news is that Allegra can take the strain! We can merge multiple address lists, eliminate duplicate names, update any changes and even select a subset of names for specific mailing. All that tedious collating, stuffing, labeling and sorting? We can do that too. If you want to start driving new and returning business, call for a quote today.

"We've recently added new equipment to our business that will really make your signage pop," said Matt. "We're able to offer more upgrades from mesh banners to PVC banners and yard signs."

Whatever your printing and marketing needs, you can trust the local company who cares about their community.

**How to solve sudoku puzzles**

No math is required to solve a sudoku. You only need logic and patience.

Simply make sure that each 3x3 square region has only one instance of the numbers 1-9. Similarly, each number can only

appear once in a column or row in the larger grid. The difficulty on this puzzle is easy.

**We can find you another way to stay COOL!**

In the heat of Summer, a broken A/C system can turn your home into an uncomfortable humid place. Let us either fix it or install a new more efficient unit. We have very competitive pricing and 30 years experience. There's a reason we have been in business since 1990; we do great work, stand behind our products and treat you the way we want to be treated.
