Hello and welcome to March! I am sure you are all ready for winter to end. As your new HOA board President, I am declaring spring as officially beginning once everyone has taken the time to read the “Meadowlark”. The groundhog’s prediction came true this year — Please don’t let winter continue by not reading the “Meadowlark” thoroughly and completely.

In January, the homeowners elected a new board. High Meadow has come to expect greatness from their board and the newly elected board will not disappoint. We have two neighbors who have stepped up to fill vacancies. The High Meadow Homeowners Association board is as follows:

Scott R Lansdowne, President
Dominic Deguiseppe, Vice President
Doreen Booth, Treasurer (newly elected)
Kenneth C Folisi, Secretary (newly elected)

Going forward, we will also continue having our monthly meetings virtually. We will post the links to the meetings as soon as we get on the highmeadow.org site and our “unofficial” Facebook page. The business of the board will not change. There are items already on our agenda that will need addressing.

In 2021 you can expect landscaping to be the biggest ongoing expense. However, we are aware of continuing issues and needed maintenance near our perimeter fence. Some of the maintenance issues are only visible to residents, so please don’t be bashful and let us know.

A couple big shout outs as I close. One to Mindy Kyle and Mary Schueneman for being our Editors and Chiefs of the Meadowlark and another to Kelly Moscickis, our very own Julie McCoy (younger readers ask your parents), for her continued event planning.

Have a great day, and don’t forget to read the entire “Meadowlark” and save spring...

KEEP IT CLEAR

The rainy season is upon us, please keep an eye on your storm drains and clear away debris to reduce flooding.

Ponding of stormwater within a yard often occurs due to clogged storm sewer inlets. If there is an inlet in your yard, please keep this drain clear of all obstructions including, leaves, grass and debris.

Debris at storm sewer inlets also build-up after a storm event, which is a good time to check the inlet to make sure that the system will work well in the next storm. It is also important to never dump any debris, including but not limited to landscape waste, garbage or chemicals into a storm sewer inlet. If you cannot clear the debris yourself, please contact 630-420-6095 to report the location.

The Public Works Department has long identified clogged storm drains as one of the major causes of roadway flooding in the city. With the help of volunteers, the chances of localized flooding after a storm, water pollution and drain maintenance costs could be greatly reduced.

WATCH YOUR SPEED!

The weather is breaking and there will be more neighbors and children outside walking, biking, etc. The speed limit in the subdivision is 25 mph. Please be aware of your speed and your surroundings.

GROOT RECYCLING AND WASTE APP AND NOTIFICATIONS

The Groot Recycling and Waste app allows you to sign-up for collection reminders, plan for pickup day changes, plan an e-waste pickup, or use the Waste Wizard to quickly find out how to properly dispose of certain items. You can also sign up to receive email, text or push notification emails regarding holiday collection schedules and delays in collection due to weather events or other reasons. For push notifications, download the mobile app. For email and text notifications, sign up on the web app at naperville.groot.com.

GARBAGE AND YARD WASTE

- Trash must be placed on the curb by 6 am on your collection day.
- Empty containers must be removed from your curb by 7 pm on your collection day.
- Appliance Removal — Groot will collect one appliance such as a freezer, air conditioner, washers, dryer, dishwasher, hot water tank or dehumidifier – a week at no additional charge.
- Bulk and Oversized Item Disposal — Two bulk items may be discarded per week at no additional cost. Bulk items include boxes, barrels, crates, furniture and similar items that do not fit into a proper container and can be collected/lifted by one driver without assistance. Exceptions include items that are banned from direct disposal into a landfill, such as appliances, tires, car batteries, televisions and electronic waste.
- Oversized and Overweight items, such as pianos, hot tubs, or any item that requires two or more people to lift, require a special pick-up and an additional charge.
- Yard Waste collection begins again March 15th. Landscape waste must be placed in paper yard waste bags with a yard waste sticker attached to each bag.
- Tired of buying paper bags and stickers? Groot offers a 95-gallon Yard Waste cart for a fee of $225 per year. Call to order. Questions, orders, or special pickup of bulk items, construction materials and appliances should be directed to Groot Industries at 630-892-9294.

**Use your extra yarn & fleece to comfort homeless pets!**

Comfort for Critters makes handmade blankets to comfort animals living in animal shelters. Our blankets are knit, crocheted, made with fleece, sewn, quilted and more! While these pets await adoption, the blankets provide a comfortable bed year-round. When they are adopted, their blanket goes with them, providing something familiar as they adjust to their “forever family.”

We are always interested in adding volunteers to our growing team, since we support 300+ shelters across the US! We’re also interested in receiving your “extras.” We accept donations of fleece (at least 12” in width) and yarn (full or partial skeins).

Bella | Female | 1 Year Old

I have what some might call “off the chart” energy. Are you an active person? Would you like to play games with me? How about helping me learn by taking me to some fun training classes? I’m really smart, and I don’t know yet how to work with all my energy, so I’ll need a family who truly is dedicated to helping me succeed. I’m friendly and fun, and I like other dogs if they can handle my play style. Kids in my new home should be at least 16 years old, and no cats, please.

Binky | Male | 1 Year Old

I’m super sweet and I welcome a good back scratch or belly rub - just on my terms. Those of you that have owned cats already “get” me. I can have what some might call a “cattitude” problem, but it’s usually short lived. My innocent eyes alone are enough to soften that blow. Don’t confuse my name with me being a “young lad”. I’m just figuring out what kinda guy I really am beyond handsome (as you can tell). Life has already re-started for me once and I’d like to think my next stop is fur-ever. On a positive note, I think I’m lookin’ good and feline even better!

Plan your vegetable or herb garden now by choosing the site and knowing what your family likes to eat. Will you use patio containers, space in the backyard, or a rented garden plot?

Mixing in brightly colored peppers or variegated herbs is pleasing to sight and taste while attracting much needed pollinators. Plant family favorites and try a few new varieties.

Spring tends to be wet so give ground soil a squeeze to see if it can be worked. If soil sticks together, it's still too wet to dig and plant. If it crumbles, dig in, adding organic matter for nutrients and to help break up compaction.

Plants need oxygen in the soil. Avoid planting vegetables where water puddles on the ground for days. Most vegetables can be grown in containers with adequate drainage holes. Espoma Garden-tone or Espoma Tomato-tone is great for fertilizing. Follow the label instructions for use.

If planting seeds, pick quick growing vegetables and continue successive crops through the season. Seeds are fun to watch sprout and a great lesson for children when they participate in the process.

If choosing plants, you'll have a head start on longer season vegetables. Adding colorful and fragrant flowers to your garden will draw the pollinators and provide you with a better harvest. Marigolds and Nasturtiums are known to repel pests. Most herbs are deer and rabbit resistant and make lovely, edible additions.

Vegetables grow best in an area close to a water source that gets at least 6-8 hours of sun. Start small with room to grow. When the soil has warmed up, layer on 3"-4" of organic mulch, such as weed free straw, to keep down weeds and maintain soil moisture.

Plant tall plants at the northern end of your garden so they do not shade shorter plants. Grow vining plants on trellises to save space.

Succession planting of another crop once you have harvested a crop maximizes your garden's yield. One way to achieve this is by planting the same crops over every two to three weeks, such as short rows of lettuce, radishes, spinach, beets, carrots, and bush beans.

Basil and tomatoes are great companion plants in the garden as well as in a sauce. Peppers, spinach, tomatoes, and basil grow well together. Corn and beans grow well together because the corn stalk acts as the bean vine's trellis. Rosemary repels bean beetles.

Broccoli, cabbage, Brussels sprouts, cucumbers, peas, potatoes, and radishes all grow well near each other. Carrots and onions can be planted with beets, lettuce, tomatoes, marjoram and savory.

The average last frost date for our area is May 15. Peas, lettuce, spinach, cabbage, broccoli, cauliflower, parsley, and onion sets can be planted 4 weeks before the last frost. Radish, beets, carrots, and Swiss chard can be planted 3 weeks before the last frost. Summer squash and beans can be planted right after the last frost, while cucumbers and potatoes can go in a week after that.

Two weeks after the last frost, plant your peppers, eggplant, melons, tomatoes, and winter squash. Melons need to wait to be planted a month after the last frost. It is safe to plant tomatoes in full sun after all danger of frost and when the soil temps are 60°F. Be patient, cool soil will slow growth for tomatoes.

Be sure to visit your vegetable/herb garden daily to see what is new, catch any potential problems, and harvest your crop!

“Terri is an amazing, energetic, knowledgeable realtor. She researched all trends of the market, priced our home correctly and has amazing follow thru. Because of this we had a full price offer the first day on MLS and had an extremely smooth closing 5 weeks later. Terri is a true professional!”
